

## Where to search for vacancies?

Here is a **selection** of the Higher and Degree Level apprenticeships currently available for a summer 2020 start. See the Apprenticeship section of the Careers pages on Learnzone for more ideas. It is not a comprehensive list.

Remember – you don't need to wait for a vacancy to be advertised, be proactive and contact companies with your CV and covering letter.

Please note – many Intermediate and Advanced level apprenticeships are excellent ways into a company, and could develop into a degree level apprenticeship. Do not limit your search to degree level roles only.

**TRAINEE CONTACT MANAGEMENT CENTRE OFFICER  
TVP, KIDLINGTON, OXFORD**

Are you looking for a job role where no two days will be the same? Where you will help provide a vital service to the public, which will often be in situations when they need it the most? If so, Thames Valley Police are looking to recruit you to join the fast-paced world of the Contact Management Centre.

As an Apprentice Police Contact Management Centre Officer:

- You will deal with 999 and 101 calls from members of the public in one of our control rooms, which operate 24 hours a day, 365 days of the year.
- As the first point of contact to all incoming calls, you will need to reassure the caller whilst gathering as much information as possible, to help our Police Officers deal with emergency situations and make your neighbourhood safer.

Salary: £28,000; **Closing date: 30/4/20**

<https://www.findapprenticeship.service.gov.uk/apprenticeship/-520355>

**TECHNICIAN SCIENTIST HIGHER APPRENTICESHIP  
CELL THERAPY CATAPULT SERVICES, STEVENAGE**

As an Operations Technician in Cell and Gene Therapy you will be responsible for operating within a highly regulated facility, following site policies and procedures in support of Collaborators developing and manufacturing a wide range of Advanced Therapy Medicinal Products (ATMPs).

The Operations Technician Apprentice will also spend 20% of their time undertaking a study program with the University of Kent towards achieving a Foundation Degree in Applied Bioscience (for ATMP) with the majority of study taking place via distance learning.

The Cell and Gene Therapy Catapult was established in 2012 as an independent centre of excellence to advance the growth of the UK cell and gene therapy industry, by bridging the gap between scientific research and full-scale commercialisation. With more than 170 employees focusing on cell and gene therapy technologies, it works with partners in academia and industry to ensure these life-changing therapies can be developed for use in health services throughout the world.

Salary: £16,000; **Closing date: 31/5/20**

<https://www.findapprenticeship.service.gov.uk/apprenticeship/-520443>

**APPRENTICE TRANSPORT PLANNER**  
**PETER BRETT, READING**

Have you ever thought about the world around you – the streets, the buildings, the stuff that’s hidden under your feet – and reckoned that you could do it cleaner, greener, better? Maybe a career in civil engineering is for you!

As an Apprentice at PBA, you will be part of an industry leading programme designed to develop the best Engineers. We will pair you with an experienced professional who will guide and mentor you through the initial phase of your career. You’ll be involved in the design and delivery of some of our projects from start to finish. We will teach you how to use programmes such as Computer Aided Design (CAD) to produce drawings for building and infrastructure projects.

At the end of your apprenticeship you’ll achieve a BSc in Transport Planning and an IEng through the CIHT.

We’re a leading consultancy of engineers, planners, scientists, and economists delivering major development and infrastructure projects.

**CLOSING DATE: 27/5/20**; Salary: £16,500

<https://www.findapprenticeship.service.gov.uk/apprenticeship/1000003542>

## CHARTERED ACCOUNTANCY APPRENTICESHIP WITH NATIONAL AUDIT OFFICE

Our highly successful ACA professional training scheme for apprentices will equip you with the Chartered Accountancy qualification and membership of the Institute of Chartered Accountants in England and Wales. You will have the opportunity to make a real difference to our huge range of clients and to the nation and its citizens. You will develop the skills to equip you for a fantastic career.

Our position is unique, and our work is extraordinarily influential. Independent of government, we scrutinise public spending for Parliament and investigate major government projects and programmes. This means we work for, and for the good of, all citizens in our country. We help our economy and society work better – supporting and enabling improvements in financial management and the way vital public services are delivered right across the public sector to millions of people every day. For you, this means challenging and varied work that has real benefit for the nation.

Our graduates and apprentices come from a range of backgrounds and have studied the full spectrum of subjects including arts, social sciences, sciences and engineering – not just maths! Our work benefits from different perspectives that people from different backgrounds bring. Whether you join us as a graduate or as an apprentice, you will benefit from a highly successful and well supported scheme designed to help you succeed all the way.

<http://naoaccountancyscheme.co.uk/>

<https://www.findapprenticeship.service.gov.uk/apprenticeship/-507912>

**CONSTRUCTION MANAGEMENT DEGREE APPRENTICESHIP  
WATERLILLY, CROYDON**

Walter Lilly carry out high quality residential projects and science/education related projects. We are a traditional building contractor, concentrating on refurbishment, restoration, conservation and specialist new build projects. The company operates predominantly in central London but also throughout the south-east from our head office in Croydon.

Management Trainees will generally assist the project manager and other senior staff with duties ranging from administration to technical work including exposure to the management of subcontractors. They must use self-motivation and initiative to apply the knowledge they have acquired in a site based environment.

At the end of the course, you are expected to have achieved BSc (Hons) Construction Management. Those who have an interest will be encouraged to achieve chartered CIOB membership and supported in further career development.

Salary: £9,000-£18,000; **Closing date: 30/4/20**

<https://www.findapprenticeship.service.gov.uk/apprenticeship/1000005615>

**AUDIT / TAX / ADVISORY APPRENTICESHIPS NATIONWIDE  
GRANT THORNTON**

Want to become a trusted adviser? Looking to gain a professional qualification right away? University not for you?

Enjoy five years of studying, learning and gaining real-work experience, working with organisations of all shapes and sizes across a variety of sectors. Anyone without a degree can join this programme. If you join us straight after your A-levels, you could qualify a year earlier than your peers who go to uni.

Grant Thornton UK LLP is part of the Grant Thornton network of independent assurance, tax and advisory firms in over 135 countries. For more than 100 years, we have helped dynamic organisations realise their strategic ambitions.

## AUDIT AND KPMG 360 APPRENTICESHIPS

### KPMG

#### KPMG360°

We love meeting talented people full of ideas, ambition and passion. People like you, in fact. That's why we've created our innovative KPMG360° apprenticeship with you firmly in mind.

Our KPMG360° apprenticeship gives you the chance to learn from some of the brightest people in the business world, who want to help you develop and reach your full potential.

You'll be setting off on a journey of discovery that's as exciting as it is challenging. It's up to you where you go and how far you travel. The apprenticeship consists of three levels – Foundation, Technician and Professional. At each step of your journey, you'll develop your professional skills and broaden your knowledge in a supportive and collaborative work environment.

In the final years you'll work with the business to decide whether to specialise in Tax, Consulting or Deal Advisory and your associated learning pathway will reflect this. Where relevant, you will study towards further professional qualifications which could include ACA, CTA or CIMA.

#### AUDIT APPRENTICESHIP

In the final years you'll continue your professional development through a range of learning opportunities and build your technical skills through Audit engagements. You'll progress in terms of your studies and work towards your Level 7 ACA or CA qualification and apprenticeship.

## WIDE RANGE OF OPPORTUNITIES WITH SIEMENS

The Siemens logo, consisting of the word "SIEMENS" in a bold, blue, sans-serif font, is positioned in the top right corner of the slide.

Apprenticeships are a great way for us to turn today's talented young people like you into the experts we need tomorrow. Whether you're interested in Engineering, Business Administration or Finance, we have opportunities here and now for you. We have more than 500 apprentices at Siemens in total and, with over 15,000 people working in the UK, you'll play an important part in everyday life here. It's why nearly all of our apprentices go on to secure permanent roles once they finish. As an apprentice, your role will be as diverse as the things we make. In the UK alone, we manufacture products such as industrial gas turbines, traffic lights and train radios, help produce cleaner energy through wind turbines and keep rail networks running smoothly with more efficient trains.

Opportunities exist in Engineering, Data Analysis, Business, IT/Digital, Project Management, Accountancy / Taxation

## TECHNOLOGY APPRENTICESHIPS ACCENTURE, LONDON AND ELSEWHERE

If you're thinking of a career in technology, then our Apprenticeship scheme could set you up for long-term success. Wherever you join us, you'll build your career from the start, working with industry experts and innovative technology while earning. After 2, 3 or 4 years of classroom learning and live project experience, you'll be a bit of an expert yourself, with a degree level BSc qualification in Technology.

The London scheme:

This is your opportunity to obtain a BSc Degree in Digital & Technology Solutions, with a specialism in IT consulting, whilst gaining invaluable work experience.

You'll develop expertise across a range of capabilities including digital, web, data, cloud computing, project management, application and infrastructure development and business analysis. The apprenticeship lasts for 3 years and formal training throughout the programme is supplied by University of East London, with a combination of on-the-job training, as well as structured training and courses.

**Closing date: 30/4/20**

<https://www.accenture.com/gb-en/careers/apprenticeships?src=ECAMP>

## **POLICE OFFICER DEGREE APPRENTICESHIP WEST MIDLANDS POLICE**

West Midlands Police are currently recruiting via our degree apprenticeship route for those who wish to become Police Officers. Do you want to be a police officer? Entry into the service has changed – and West Midlands Police is one of the first to recruit student officers to study for a degree apprenticeship while they work.

You will complete a level 6 degree apprenticeship with Staffordshire University, the West Midlands Police partner for this apprenticeship programme. The off the job training element of the programme will take place within the West Midlands and will be supported by rotations on a neighbourhood policing team, on a response team at the frontline of our emergency service, or in one of our investigations teams – helping to solve some of the most serious crimes and catch those responsible.

The West Midlands is one of Europe’s most diverse and challenging policing environments, serving 2.8 million people with around 30 per cent of its population from ethnic minority backgrounds. Birmingham is the youngest city in Europe, with under 25s accounting for 40 per cent of its population.

**Deadline: 21/7/20**; Salary: £21,525

## UNILEVER APPRENTICESHIPS

- Our apprenticeship programmes allow people from all backgrounds to find their purpose and rise to their full potential, whilst learning invaluable skills and earning a wage.

From the engineers in our factories, to the scientists in our research and development sites; producers of brand artwork to those creating mobile optimised websites; our apprentices bring fresh ideas and deliver innovative ways to meet the everyday needs of our consumers, helping them to rise to their full potential.

We offer a wide variety of apprenticeship programmes based on your career aspirations. To help choose the right career path for you, we have grouped our programmes into three main areas:

- Business & Technology
- Research & Development
- Supply Chain & Engineering
- Data Science

<https://careers.unilever.com/uk/en/apprenticeships>

## **MANAGEMENT DEGREE APPRENTICESHIP WITH MCDONALDS (WITH MANCHESTER MET UNI)**

Experience, education and a salary: at McDonald's, you can earn while you learn, and secure yourself a bright future career. Bringing together on-job training, our training curriculum, and a BA (Hons) Business Management Professional (Retail) degree from Manchester Metropolitan University, we'll provide you with all the tools, training and support you need to become part of the next generation of outstanding McDonald's managers.

Throughout the programme, you'll learn the nuts and bolts of running a busy restaurant from managing accounts, to handling stock, to learning how to be an inspirational leader. Based at one of our restaurants, you'll see first-hand how to get the best out of your team, and be given real managerial responsibility from the start – so you can start applying what you've learnt straightaway.

Three to four times a year, you'll study on block release at Manchester Met, learning business theory and using it to complement and enhance your on-job training. We're always updating the course content and structure to reflect the changing business environment, making sure our managers are always ahead of the curve.

<https://people.mcdonalds.co.uk/early-career-opportunities/management-degree-apprenticeship-programme/programme/>

## TUI MANAGEMENT DEGREE APPRENTICESHIP, LUTON

Want to get your career off to a flying start? The sky's the limit with TUI. We're the world's number one tourism business, operating in around 180 destinations worldwide, which means limitless global opportunities for you and your future.

We're passionate about making TUI a great place to work and grow and we are very excited to be able to offer this amazing opportunity to join our TUI Management Degree Apprenticeship programme which starts in September 2020. This is a fantastic opportunity to earn while you learn, working full-time for TUI in a variety of roles on a rotation basis including our Airline, Retail and Commercial functions and completing a Bachelor of Arts (Honours) degree level apprenticeship over four years.

We're delighted to be partnering with the University of Hertfordshire to deliver this degree. The Degree in Management is bespoke and designed by TUI and the University to reflect the modern needs of a global travel business with learning modules such as digital marketing, data science and project planning, as well as management and leadership modules. The blend of university lectures from the experienced faculty and our own internal experts, along with assignments and opportunities to experience different functions across the business will create a rich and exciting four year learning experience.

## **POLICE CONSTABLE DEGREE APPRENTICESHIP (PCDA) THAMES VALLEY POLICE**

Open to anyone between the ages of 18-55 who meets the eligibility requirements, the PCDA is a three-year programme combining operational duties with academic learning, resulting in formal degree qualification.

Not only does the PCDA pathway provide unrivalled training and job security, you will earn whilst you learn, with no student fees to repay. You will undertake training in areas critical to effective 21st century policing, such as evidence-based policing, decision-making and discretion, risk and public protection and criminality and crime prevention.

Unlike a traditional degree course, the majority of time for new apprentice recruits will be in force on frontline duties in the same way probationers work now.

The starting salary for all new recruits is £26,177 (which includes £2,000 South-East allowance).

<https://tvpcareers.co.uk/opportunities/police-officer/>

## ACCOUNTANCY / TAX / PROFESSIONAL SERVICES LEVEL 7 APPRENTICESHIPS SMITH & WILLIAMSON; GUILDFORD, LONDON, BRISTOL AND ELSEWHERE

This year MyKindaFuture are partnering up with one of the largest professional services firms in the country to offer unique and lucrative Level 7 apprenticeships. [Smith & Williamson](#) are offering an unprecedented opportunity that would see your students enter the business at the same level as university graduates, all without the three years of debt!

Applications are now open. The application process is being managed by MyKindaFuture and we offer full support through each stage of the process, right from the very beginning all the way through to an offer being made.

### **What's required?**

112 UCAS points (BBC) at A-level (or equivalent); Grade 5 or above in GCSE Maths and English

### **The benefits?**

- Highly competitive salary and lucrative benefits, increasing regularly throughout their apprenticeship
- Fully paid for chartered accountancy/tax qualifications, with comprehensive support from the outset
- Real responsibility from day one, with exciting career prospects
- A permanent role at a forward thinking and fast growing organisation

## LEVEL 4 APPRENTICESHIPS IN SOFTWARE DEVELOPING AND TESTING

### HMGCC, MILTON KEYNES

You may not have heard of the work we do, but behind the closed doors of our hi-tech facilities, some of the world's most inventive experts are crafting, designing, and creating exciting one-off products to solve unique and interesting problems. With our fully funded Government Apprenticeship opportunities, we can help you push technology to its limits, and turn your curiosity into a reality.

#### **Have you got what it takes?**

Are you naturally curious about technology? Do you delve into the heart of gadgets, pursuing what's possible - while constantly asking 'what if?' at every corner? If this has led to a fascination of how tech works, and an interest in designing, improving or making repairs to gadgets or programming and de-bugging nifty software applications, then our apprenticeship is the right one for you.

To earn a place as an HMGCC apprentice, you'll need to meet our entry requirements, have bags of enthusiasm and a genuine interest in software, technology or engineering.

Salary: £17,768

## ACCOUNTING / TAX APPRENTICESHIPS WITH BDO, VARIOUS LOCATIONS

Our Apprenticeship Programme combines work experience with getting your professional qualifications; we want to ensure that we are equipping you for success, so we will provide you with training in relevant skills and behaviours, as well as the professional knowledge which is required to be successful in your role.

### **Level 4 Apprenticeship programmes**

**AAT** – If you work for BDO Drive Solutions your learning journey will start with the Level 4 Association of Accounting Technicians (AAT) Apprenticeship and then progress to complete the Association of Chartered Certified Accountants (ACCA) qualification.

### **Level 7 Apprenticeship programmes**

**ACA** – Association of Chartered Accountants (ACA) qualification will enable you to become a qualified chartered accountants. The ACA qualification and apprenticeship provides a broad range of accounting, finance and business skills and opens up a wealth of opportunities.

**ACA/CTA Joint Programme** – The joint programme is an excellent way to qualify as an Associate Chartered Accountants (ACA) and Chartered Tax Advisors (CTA) under a Level 7 apprenticeship. It means you complete fewer exams than sitting both separately. The ACA/CTA Joint Programme gives you the opportunity to specialise in areas such as taxation of major corporates, owner-managed businesses or indirect tax depending on your area of the Tax business.

**ATT/CTA Tax Pathway** – The Association of Tax Technicians (ATT) and Chartered Tax Advisors (CTA) Pathway provides you with a streamlined and efficient route to becoming a qualified tax professional. You will develop an in-depth knowledge of specific technical matters across the broad range of taxation disciplines and is often seen as a key qualification for Tax practitioners. The combined pathway enables you to achieve membership of both professional institutions.
